TO WHOM IT MAY CONCERN

REFERENCE LETTER FOR: **SABINE KAUKER**

SABINE KAUKER has been working as Visiting Practitioner with us at Six Senses Fiji during the period of December 2018 and January 2019.

During her stay at Six Senses Fiji Sabine was responsible to meet guests, providing consultations as well as performing different Holistic Healing and Traditional Chinese Medicine treatments, workshops & Qigong classes. Along with her specialized & custom-fitted treatments Sabine has coached and trained as a REIKI grand master many of our guests in Reiki level 1.

Sabine consistently performed her treatments and activities to the highest standard and delivered excellent client care to all of her guests on every occasion resulting in many guests returning to our Spa for follow-up treatments.

Sabine is a very intuitive and gifted person and her work has been always a highlight of our guests stay during their time at Six Senses Fiji. Whenever possible she took the time to exchange treatments with our Spa therapists in order to assist them progressing as well.

I would like to thank Sabine from the bottom of my heart for all her efforts and take this opportunity to recommend her with pleasure as a Consultant or Visiting Practitioner for any Resort.

I wish Sabine the best for her coming future and would love to have her back at our Spa as a Visiting Practitioner.

If you need any other further information do not hesitate to contact me.

Yours in health,
