

13th January 2020

To Whom it May Concern,

This letter serves as referral to the expertise of Sabine Kauker, who is a repeat Visiting Practitioner here at Zighy Bay.

For this visit, Sabine was at Zighy Bay for the following Dates: December 8th, 2019 to January 15, 2020

Sabine's menu included but not limited to:

- Sabine's TCM Signature Treatment
- Chinese Foot Reflexology
- Energy Work Essential Oil Meridian Massage & Chakra-Balancing
- Meridian Balancing & Detoxifying Treatment
- Liebscher & Bracht Pain Therapy®
- Coaching

Workshops of both Chinese reflexology, Benefits of Essential Oils and QiGong which were offered to the guests over the festive period.

Sabine also joined our Management & Guest Social events to meet & interact with the guests to enlighten them on her multi-faceted offerings.

Sabine was and is a huge asset to our team, guests & staff here at Zighy Bay. She is very flexible and is indeed a great pleasure to work with even under challenging circumstances. She dealt with each person on an Incredibly personal level. She as well maximized her coverage by also offering services to our front-line hosts who would be able to promote her as well as with the Spa hosts in the form of an exchange for training purposes.

Though with a slow pick up at the Start due to the Overall Spa Occupancy, Sabine still managed to go over her target by 32% during her visit. Everyone who had received therapy from her returned for a series of the same.

As the great Healer she is, I highly recommend her an Expert in her field, and we thank her for her support to the Department as a whole.

Michelle Saudan | Spa Manager - Six Senses Zighy Bay
